MAY 14TH TRAINING:

Please join us for a comprehensive look at all things enforcement!

Building Codes Division is sending their experts to answer YOUR questions!

We will be covering topics ranging from types of licenses required to install water heaters, to best practices for placing Stop Work Notices and working with folks who failed to permit their “vacation cabin” before advertising it on Facebook.

Do you know what licenses are required for Master Electrical Permits; the work allowed and the reporting requirements?

Can a mechanical contractor install the wiring to the disconnect for a new heat pump?

How many inspections are included with the plumbing permit for a new, single-family dwelling?

This will be an interactive class driven by YOUR real-world questions and issues. BCD is sending their Program Chiefs and Licensing Gurus to provide working solutions to our everyday Enforcement Enigmas.

CCB & ICC Preferred Provider CEU's available!
Please share with your colleagues and contractors!

BUILDING OFFICIALS
ASSOCIATION

COME FOR THE KNOWLEDGE; STAY FOR THE NETWORKING!

Unwind & Connect with colleagues and industry partners from 5pm - 8pm in the beautiful Basalt Rock Cafe.

As part of the networking event, attendees will be able to tour the exhibits at the Discovery Center.

Food and beverages will be served.
Bring your appetite for the taco bar!

This is the perfect opportunity to connect with peers from across the region and get ready for the Annual Business Meeting on Friday.

BUT WAIT! THERE'S MORE!

Cap off your experience by attending the Annual Business Meeting on Friday, May 15th!

Join us for policy discussions, industry updates, and a delicious brunch at the Portage Grill Conference Center located inside of the Columbia River Hotel!

Senator Todd Nash will also present during the meeting!
